

## **PRSC Oscars Report - Bruce Edgar 23 January 2022**

The early drizzle was a little disappointing, but it eventually died away leaving the mid A rig breeze for racing. We used a short course with one minute between the IOMs and DF 95s. Racing became intense as skippers settled in. Seventeen races were completed - A rig all day, 9 IOMs and up to 5 DF 95s. As is normal for this time of the year, weed was evident, with some outstanding backing up skills being displayed. Darryl NZL 79 take a bow! The results show skippers changing boats and some after-lunch attendance only.
